### COURT APPOINTMENTS.

In the County Court, Wednesday, Mr. Sanford M. Allen, cashier of the Millersburg Farmers Bank, was appointed as executor of the estate of his deceased father, Mr. J. G. Allen, whose death occurred last week at his home in Millersburg.

Mr. Allen qualified for the position by furnishing the required bond. Messrs. Owen W. Ingels, Louis R. Rogers and G. S. Allen were appointed to appraise the estate.

The will was admitted to probate at the same time. The instrument, which bears date of April 4, 1917, was witnessed by C. M. Best and O. E. Hurst. The property is to be divided equally between Mr. Allen's five children, Mrs. Mary H. Ingels, Mrs. I. D. Rogers, Mrs. Lucille Dorian, Mrs. John M. Alverson and Mr. Sanford M. Allen.

The estate of Mrs. Pearl Smith, a former resident of Bourbon county, who died some weeks ago in Albuquerque, New Mexico, will be settled up by her nephew, Mr. Herbert L. Smith, of near Jacksonville, who was appointed administrator by the County Court, Tuesday. Mr. Smith gave bond in the sum of \$2,000, with E. J. Allen and Robt. C. Talbott as sureties. Thomas Jackson was appointed administrator of the estate of Mrs. Geneva Ross. He qualified by furnishing bond in \$400 with Thos. Jackson and Ed. J. Martyn as sureties.

### I. O. O. F. ELECTS OFFICERS.

At the recent meeting of Bourbon Lodge No. 23, I. O. O. F., held at their lodge room in this city, the following officers were elected to serve for the ensuing six months:

Noble Grand, Lawrence Price; Vice-Grand, James Templin; Recording Secretary, William A. Lall; Financial Secretary, Edward Faries; Treasurer, Homer D. Shy; Host, Samuel Ewalt; Hall Committee, E. B. January, Chairman; Lawrence Vanhook and Homer D. Shy.

The officers will serve for the second term of the seventy-second year of the lodge. Judge E. B. January has been Chairman of the Hall Committee so long that no one else is ever considered for the place. The sum of fifty dollars was donated and ordered paid over to the Red Cross fund. The announcement was made at this meeting that Mr. Roy F. Clendenin, one of the hustling members of the lodge, had made a donation to the Indigent Odd Fellows' Home at Eminence of a door costing seventy-five dollars.

### BUSINESS GOOD ON L. & N.

Local railroad officials are greatly pleased with the volume of business being transacted on the local branches of the Louisville & Nashville. Trainmen are busy all the time, the yardmen are kept on the go handling heavy freight trains and the general outlook for a prosperous summer's business is encouraging, despite the war conditions. The railroad men are doing their "bit" in putting the "busy bee" in "business," and have adopted as their slogan, "Business As Usual, and Then Some."

Mr. Miller Field, advance man for the Chautauqua, which will be held here next week, was in Paris, Wednesday. Mr. Field is greatly impressed with the Bluegrass section and hopes Paris will be a scene of Chautauqua activity all next week.

### PARIS BOYS IN NAVY DOING WELL.

Postcards received by friends and relatives in Paris recently from the Paris boys in the navy state they are all doing well, and in fine health, except Ed. Fitzpatrick, who is nursing a case of mumps. The boys write they like the life much better than they had anticipated, and that they are getting accustomed to the salt water, and eagerly hoping to get into action along with some of the first of Uncle Sam's sea-fighters that go to foreign waters.

W. O. Pennington writes he hopes to get a furlough in August, along with the other boys, in order to return to Paris to participate in the primary election.

### EARLY CLOSING AGITATION

The matter of shorter hours and early closing of stores during June and July and August, will probably be agitated in Paris soon by the clerks.

An extra hour spent in the gardens or in any other form of recreation, after a day spent inside four hot walls, would mean much to employees in almost any line of business. It will mean an increased hold on life and some of its pleasures and take away some of the sting of the daily grind. Men and women who are penned up in stores from early morning until late afternoon are certainly entitled to some extra time off in the afternoon. The shoppers will soon understand and will suit their shopping time to the store hours. No one will lose by the adoption of the policy and many will gain. Who will be the first to start the movement by giving employees an hour off—from five to six, each afternoon?

### SWIMMING CLASS FOR LADIES.

The following resolution was passed by the Y. M. C. A. Board at a special meeting June 21:

Resolved, That the young ladies and married ladies of Paris and Bourbon County be allowed to use the swimming pool two days each week, from nine until twelve o'clock, beginning Tuesday, July 10, and continuing for eight weeks, provided a competent instructor be furnished by the ladies, said instructor to be in charge of the class and responsible for the safety of the swimmers.

Be it Further Resolved, That the sum of one dollar, payable in advance to the Y. M. C. A., be charged each member of the class.

### NEW DIVISION AGENT FOR ADAMS EXPRESS CO.

After having spent twenty years as agent for the Adams Express Company at Winchester, Mr. W. A. Whitcomb has resigned to accept the division agency for the company, with headquarters in Paris. He will continue to make his home in Winchester.

Mr. Whitcomb succeeds Mr. Geo. R. Lawler, who has been promoted to the agency at Lexington. He will be succeeded in the Lexington office by Mr. B. H. Tuttle, now of Maysville, who was formerly connected with the Winchester office.

### CHIROPRACTORS ELECT.

At the meeting of the Kentucky Association of Chiropractors held in the office of Dr. George P. Lambert, in Maysville, Tuesday afternoon, the following officers were elected: Dr. J. Homer Marshall, Winchester, president; Dr. G. W. Hardy, Owensboro, vice president; Dr. J. H. Folsom, Ashland, secretary; Dr. J. N. Finch, Louisville, treasurer. Doctors Geo. P. Lambert and Roy Giehls, of Maysville, S. P. Mohny, Paris, and Lillard P. Marshall, Winchester, compose the Board of Directors.

### HOGS KILLED BY HEAT

The hot wave that has prevailed in this section for several days was the cause of death to a number of hogs, which become overheated while being driven from one place to another.

Mr. John Mansfield, formerly of Paris, lost ten fat hogs from this cause while being driven from Centerville to Newtown. Squire A. L. Stephenson, of the Clintonville precinct, purchased thirty-two fat hogs from Mr. Brutus Clay, at an average of \$25. Five of the animals died from heat while being driven to the Stephenson farm Wednesday.

### UNCLE SAM GUARDS HEALTH OF INDIANS.

Those who think of Indians as members of a dying race should watch the progress of work carried on in their behalf by the Department of the Interior. The struggle against tuberculosis and trachoma, and the fight to lower a high infant mortality rate are the greatest problems confronting the Indian office. Supplementing work of regular agency doctors, special physicians at intervals visit the reservations, performing eye operations, caring for defective teeth and spreading information.

Already trachoma has been very largely subdued in the schools. The unhealthy manner of living that marks the period of transition between the old life and the new is fast passing. Personal cleanliness and community sanitation are taught, and a demand for regular living, clean clothes, fresh air and pure water is encouraged. Building of sanitary homes is urged, and the value of clean food and cooking utensils emphasized. As a result there has been a very noticeable falling off in tuberculosis.

The younger generation now knows that a sturdy child grows into a sturdy man, and great care is taken of the young mother in childbirth. Before the present administration assumed control, three-fifths of the little Indians died before they were five years old. Introduction and enforcement of modern methods has reduced this appalling percentage, and the health of the Indian is now, as a whole, far better than at any other time since he came under the influence of the white man.

There are moments when we feel quite sure that a lot of people now worrying about the burden of taxation will be the very last to feel it.

### SEWING FOR RED CROSS.

The sewing rooms of the Red Cross Chapter, in the corner store room in the Wilson building, on Main street, has been a scene of unwonted activity, since the ladies of the different societies and church organizations began sewing there for the Red Cross work. The play of the needles has been accompanied by the hum of conversation, but neither interfered with the other, and the garments on which the ladies were working grew in shape and form until finished.

The rooms were given their initial use Monday when the members of the Revolution, spent a busy day sewing for the Red Cross work. As a result of the swift plying of needles a large supply of useful garments were checked up to their credit when the day had ended. On Tuesday the ladies of the Baptist church took possession of the rooms and the same scene was enacted.

Thirteen suits of pajamas and eighteen hospital gowns were fashioned by the nimble fingers of the workers at the rooms Wednesday, that being the day allotted to the women of the Pastors' Aid Society of the Presbyterian church. Yesterday the women of the Christian church occupied the room, and the same program was observed. The ladies were busy all the day, and finished a large amount of work for the Red Cross supplies department. To-day the rooms will be occupied by the ladies of the Catholic church.

The rooms are well equipped for the purpose, being fitted up with machines, chairs, sewing tables and other accessories which tend to make the work easier. Electric fans and ice water contribute to the comfort of the workers. Coffee is served at noon, but the workers provide their own lunch.

The little folks are not being deprived of an opportunity of showing that they, as well as their elders, are patriotic, and willing to do their little bit. A new department of the Red Cross work, comprising girls under fourteen years of age, has been organized, under the direction of Mrs. Frederick A. Wallis. They held their first meeting at the home of Mr. and Mrs. Thomas Henry Clay, Sr., Saturday, and took up the work of cutting scraps of cloth into small bits for the purpose of filling fracture pillows and drainage pads for the Red Cross work. They were given the name of "The Snippers," suggestive of the character of the work they have undertaken. The little ones entered into the spirit of the work just as enthusiastically as have their older sisters in the Red Cross, and they intend to keep it up. "The Snippers" will meet again to-morrow morning at the Y. M. C. A., where they will be organized into three groups, according to their ages.

Some fellows get their religion from their mothers, their politics from their fathers, and then make their own mistakes.

### MUTTON AND WOOL.

(New York Commercial.)  
Mutton, once the cheapest, has become the dearest meat in the market. The explanation is simple. The wool on a sheep's back this spring is worth more than a similar sheep could be sold for years ago.

Sheep could be bought on the Rocky Mountain range for \$3.50 to \$4 a head a few years ago. The average weight of a Western fleece "in the grease" is seven pounds, and such wool now sells for 50 to 65 cents a pound, as compared with 18 to 25 cents a pound in past years when the scoured price in Boston was no more than the raw price at Western points to-day.

Counting the wool and the increase of the flocks, a band of sheep on the range represents an investment yielding 100 per cent. a year compound interest. A "band" of sheep of 2,000 head worth \$10,000 before the war on the open range, if properly handled, would have increased to 10,000 head or more in three years and the wool would have paid all expenses and 10 to 20 per cent. on the investment, barring accidents. It is not strange that sheep raisers do not press sheep and lambs on the market when they "grow into money" so fast.

**B-4 FIRE**  
Insure with  
**W.O. HINTON & SON, Agts**

### FIRE AT WINCHESTER.

Fire which originated in the store of the French Hardware Company Tuesday night caused several hundred dollars damage. The firemen were more than an hour in subduing the flames and preventing their spreading. The exact cause is not known, one theory being that it was probably due to defective electric wiring and the other that it started in some waste matter at the rear of the building. The building is owned by Mrs. J. T. Luman. The loss is covered by insurance.

**Fire, wind and lightning insurance.**  
Thomas, Woodford & Bryan

### BARN AND LIVE STOCK BURN.

During an electric storm which passed over the northern portion of Simpson county Sunday, lightning struck the barn of H. B. Perkins. In the fire which followed, the building, a large quantity of feed, four mules and one horse were consumed.

### BOY SCOUTS TO GIVE PATRIOTIC PARADE.

To the Citizens of Paris and Bourbon County:—

We, Troop No. 1, Paris, Ky., Boy Scouts of America, wish to announce that on Monday, July 2, 1917, a parade will be given starting from the Y. M. C. A., and ending at the court house. Upon the termination of the parade, composed of Boy Scouts and Red Cross Nurses, several addresses will be made by prominent speakers and citizens of Bourbon county. William Jennings Bryan is expected to speak at this demonstration.

We feel that the majority of the people of Paris and the vicinity do not really know the purpose and aim of our organization. Now is the time to learn all about us and to help.

Mothers and fathers, try to be there and learn what your boy is accomplishing in this great work.

The exact time of the demonstration will be announced later, but remember the date, Monday, July 2, 1917.

Thanking you very cordially, we beg to remain, Troop No. 1, Boy Scouts of America, Paris, Ky.

### NO MORE GOLF.

Pearl White is not playing golf these mornings at her country home on Long Island. There's a reason. Pearl's part in the fifth episode of "Pearl of the Army," the first episode of which opens at the Alamo Theatre this afternoon called for her appearance on a wild horse. The horse was so wild that Miss White landed in the roadway. For the present, she has forgotten her exercise.

### Floral Goods For Sale.

I will offer for sale on the Court House square, on Monday next, July 2, a general line of Floral Goods. All persons wanting anything in this line are invited to come, inspect my goods and buy what they need. Prices reasonable.

H. C. OGLE, SR.
